

MRS. BRADLEY TO BECOME ACTRESS AFTER CONTESTING WILL LEFT BY SEN. BROWN

Gloomy Sunday for Defendant Cheered by a Visit From Her Mother

She Regards It as a Sacred Duty to Her Children to Attempt to Break the Testamentary Disposition of Dead Statesman's Property.

Washington, Nov. 25.—A cheerless, rainy Sunday was brightened for Mrs. Bradley by a visit from her mother, Mrs. Madison, and her two boys, who spent the afternoon with her. The quartet attended church services in the rotunda of the prison, and the boys greatly enjoyed the novel sight.

Mrs. Bradley says that when liberated she will temporarily return to Salt Lake, where she still has many friends.

"As a sacred duty," she says, "I will contest the will of Senator Brown in order to obtain money I believe to be rightfully due our boys."

It is said that her sisters and her other two children by Bradley, Matthew and Martha, may journey to Washington to lend Mrs. Bradley the sympathy and support when the case is finally handed over to the jury.

The Bradley jury spent a quiet Sunday. In the morning newspapers were given them, all references to the Bradley case being cut out, and in the afternoon they took a long walk.

This week's session will be a long wrangle of alienists and experts. The sanity of the prisoner at the time the fatal shots were fired will be the topic of their technical discussion.

Flowers, letters and telegrams have flooded her cell in the last few days and she has received many offers of money from sympathizers all over the country. A current report denies, however, was that she will accept state engagement if freed.

It is now expected that the trial will run well into December.

**15,000 WORDS
AS HYPOTHESIS
GOES TO JURY**

Washington, Nov. 25.—With the trial of Mrs. Bradley rapidly nearing an end, the chief issue has become a

battle of experts over the question of her sanity at the time of the shooting. It is expected that the case will go to the jury this week. Based on five propositions, Judge Powers for the defense read 15,000 words of manuscript leading up to hypothetical questions to the jury. The questions are: Could she distinguish between right and wrong; was she mentally responsible; was she insane? A note reconstructed from scraps of paper found in Mrs. Bradley's room after the tragedy was read. Two of the scraps read, "These are letters from Annie Adams, Maude Adams' mother. Please preserve them."

SUBWAY COLLISION

New York, Nov. 25.—Jos. Meyer, motorman, was killed and a dozen passengers were injured when two subway trains collided today at a point in the Upper Bronx where the subway tracks are elevated in a crossing valley.

MRS. CHASE'S UNCLE VICTIM OF MURDER

A dispatch from Burlington, N. J., says that a veritable reign of terror is existing in that city, caused by the numerous murders that have taken place, and that armed soldiers are patrolling the city. Edward Jefferson, a wealthy grocer of the city, and an uncle of Mrs. Frank Chase of Newark, was shot through the heart and instantly killed by one of the murderers whom he was trailing.

ATTEMPT MADE TO ASSASSINATE SON OF MRS. MARY BAKER EDDY

Sioux City, Ia., Nov. 25.—A sensation was caused Sunday by an attempt to assassinate George W. Glover, the son of Mrs. Mary Baker Eddy, the Christian Science leader, following his refusal to pay the costs of the famous "next friends" suit. He had been assessed \$3000. Mr. Glover lives at Lead, S. D.

While he was leaving his home on Sunday morning he saw a wire laying across his path and was about to kick it out of the way when he decided to follow it, at he had been threatened before through a mysterious channel.

Following the strand he came to a

cylindrical object and on examination found a percussion cap and a can filled with slugs and dynamite.

When Mr. Glover was asked concerning the matter he refused positively to talk, saying there was nothing to the report in the finding of the wire or the bomb and that he had simply kicked a piece of wire off the walk.

It is known, however, that the chief of police has in his charge the explosive and that a quiet investigation is being made.

It is also stated that the infernal machine contained enough dynamite to blow up the house, and had Mr. Glover kicked the wire a deadly explosion would have followed.

THIRTEEN BURNED TO DEATH IN TENEMENT HOUSE FIRE

New York, Nov. 25.—Thirteen persons were burned to death and seven injured in an incendiary fire this morning that destroyed a five story tenement. Panic stricken men, women and children choked the narrow exits and fought with one another to escape. Thirteen bodies were found

huddled in a heap near a window and were so badly burned as to be almost unrecognizable. Most of the victims were women and children. Had those in the tiny death room kept the door shut, keeping out the flames and smoke, the firemen would have rescued them.

SENSATIONAL CHARGES MADE AGAINST POWER'S JURORS

Georgetown, Ky., Nov. 25.—Judge Morris began the third week of Caleb Powers trial. James Howard, serving a life sentence for the Goebel murder was brought here today. Attorneys for the defense asked that they be allowed to confer with Howard. The attorneys for the commonwealth filed an objection. Affidavits reflecting

on jurors Wayland and Martin were filed. It is charged that Wayland made it a point to get on the jury and that Martin said he would clear Powers. Charles Goebel, the murdered man's brother, swore that W. H. Green, Powers' brother-in-law, had conferred with E. T. Wilson, who is charged, induced Wayland to make an effort to get on the jury.

BIG WELL COMES IN.
(Special.)
Centerburg, O., Nov. 25.—The Central Ohio Gas company had a well come in about two o'clock in the morning with a capacity of 10,000,000 cubic feet. This well is located on the Homer Hawkins farm about one mile south of Lock. It is near the Everett well on the Channel farm.

FEARFUL PANIC IN BIG FIRE AT CINCINNATI

Cincinnati, Nov. 25.—There was a ten blow fire alarm at Twelfth and Main streets today. Three dead bodies have been recovered. Five dead are still in the ruins. The fire is in Wm. Windhorst dry goods store. Saleswomen are in a terrible panic.

DEATH LIST MAY REACH THIRTY

Cincinnati, Nov. 25.—Firemen say the death list may reach 30. The money loss will be upwards of half a million dollars as the five-story building is stocked with holiday goods.

The fire broke out from a heat explosion caused by a crossed wiring in a show window. It spread so quickly that firemen were unable to check it. One girl, Julia Hagerdorf, jumped from a third story window. She is dying in the hospital. Two other cash girls, jumped from a second story window and were taken to a hospital. Firemen rescued two women, one unconscious, from perilous positions on a third floor sign.

NEWARK MEN AT MISSIONARY RALLY

Coshocton, O., Nov. 25.—A foreign missionary rally is being held in the Christian church in Coshocton today, under the auspices of the Foreign Christian Missionary Society. President A. McLean of the society, is present, and is conducting the rally. Rayol J. Dye, of Africa, and C. S. Weaver, of Japan, are in attendance at the meeting, taking an active part. The program being carried out is as follows:

A Bible Study on Missions, President A. McLean.
The Work on the Foreign Field last Year, J. N. Johnston, Coshocton.
Missions Indispensable, J. N. Scholes, Newark.

The Work on the Congo, Dr. Royal Dye, Bolong.
Missions the Main Work of the Church, H. E. Mansfield, Millersburg.
The New Testament a Missionary Volume, H. H. Tylock, Millersburg.
The Missionary Spirit, How Promoted, W. R. Walker, Killbuck.
The Double Danger of Inaction, Dr. McCollum, Uhrichsville.

ACCIDENTALLY KILLED.

Norwalk, O., Nov. 25.—Shot accidentally by Roy Woods, 17 years old, her own ward, who was starting on a hunting trip, Mrs. Chas. Barnes died today.

ODD FELLOWS WILL COME FROM ZANESVILLE

Zanesville, Nov. 25.—Canton Nova No. 5 and a number of the members of Howard Encampment will go to Newark next Wednesday evening, November 27, as the guests of the Canton and the encampment of that city. The Royal Purple degree in the encampment will be put on by the Newark team, and this will be followed by a banquet and smoker.

The members of Canton Nova will be attired in fatigue uniforms, with swords, and will be in charge of Captain H. H. Flowers, who is recognized in Canton circles as one of the very best drill commanders in the state.

A large number of the members of Howard Encampment are arranging to attend and Zanesville Odd Fellows will be much in evidence in Newark on this occasion.

The "boys" will travel to Newark in a special interurban car, leaving this city at 7 o'clock p. m. and the car will leave Newark on the return trip at 11:30 o'clock. The Coshocton Canton and Encampment have also been invited and are arranging to attend.

The Newark Odd Fellows are royal entertainers and are putting forth their best efforts to make this entertainment one of the best in their history.

BIGGEST PAY ROLL YET.

Pittsburg, Pa., Nov. 25.—One of the largest, if not the very largest, pay rolls in the history of the Pittsburg district was made Saturday. The grand total, as estimated by leading bankers, is \$15,000,000.

ALL PURE GOLD.

Omaha, Nov. 25.—Pure gold to the value of \$1,500,000 has been shipped from the smelter here to the Philadelphia mint in the last three weeks. This is the heaviest output in its history.

HUNDREDS KILLED IN LISBON

PARIS, Nov. 25.—Fighting is in progress in the streets of Lisbon, according to unofficial reports. Clashes between the military and the people are said to have begun yesterday, and to have continued intermittently ever since. The loss of life is unknown. Fragmentary dispatches received here are saying only, "Many have been killed and wounded." The premier Franco is pressing King Carlos to declare martial law.

CONDUCTOR FRANK CRAWFORD INSTANTLY KILLED MONDAY

Mr. Frank C. Crawford, a popular and well known Baltimore and Ohio freight conductor of this city, was instantly killed at Shelby Junction on the Lake Erie division of the B. and O., Monday morning. The unfortunate man had accompanied his mother, wife and children to Zanesville, where they expected to make a short visit. Mr. Crawford returned to Newark in time to take his train out Sunday and was returning to Newark Monday morning on local freight train No. 30. The train arrived at Shelby Junction about 9:15 o'clock Monday morning and conductor Crawford was doing some switching at the freight house. The members of the train crew suddenly missed him and Brakenburg Ball went back and found the unfortunate conductor between two cars, cut in two. It is supposed that in running back over the train he fell between the cars but no one can be found who saw him fall or knows how he happened to be killed. The engine was in charge of Engineer Hart. Mr. Crawford was

aged about 35 years, and lived with his little family, consisting of his mother, wife and two small children at 14 Deway avenue. The remains were brought to Shelby and placed in charge of an undertaker there and they will be brought to Newark Monday night on train No. 16, and taken to the undertakers rooms of Bowers & McManis. Deceased was a member of the Order of Railway Conductors, and also of Roland Lodge No. 305, Knights of Pythias and Kootah Temple, D. O. K. K.

The accident is deplorable in the extreme, though probably no fault can be attached to any one. The fate of Mr. Crawford, who was widely known and liked by all who knew him, has cast a lasting shadow among his large circle of relatives and friends. At this writing, it is not known when the funeral will take place, but it will be held either Wednesday or Thursday from his late residence and will be under the auspices of Roland Lodge No. 305, Knights of Pythias and the local O. R. C.

FORAKER WANTS PRIMARY ELECTION

Washington, Nov. 25.—Senator Foraker's announcement that he is a candidate for the presidency will probably come in the form of a renewal of the suggestion that primaries be held in Ohio early next spring at which voters be given a chance to express a preference both as to the presidency and senatorship. Forced into his present position by the Taft people, Foraker does not propose to let Taft walk away with the endorsement of Ohio without a fight.

DEPENDENT SUICIDES.
Kipton, O., Nov. 25.—Dependent because of opposition from the board of school, William D. Downing, superintendent of the water works committed suicide with a shotgun. He was also superintendent of the Discipline Sunday school.

Frank P. Sargent, commissioner of immigration, is improving.

VIENNA, Nov. 25.—Alfred, prince of the King of Roumania were to a special extension of leave. Professor von Noorden was about to leave Vienna for the purpose of being called to attend the monarch. I am, however, not going on the best authority, that King Carol is not ill and that Dr. von Noorden is not going to Roumania at the present moment. The king is taking the rest cure.

BRYAN PROPOSES THAT THE GOVERNMENT INSURE BANK DEPOSITORS AGAINST LOSS

The Plan Talked Over by Bryan and Roosevelt at the White House

The Proposition Is Regarded as a Wise Measure to Mr. Bryan's Credit and Timely for a Financial Crisis Like the Present

Washington, Nov. 25.—President Roosevelt and William J. Bryan were in conference for half an hour in the President's private office at the White House Saturday.

Mr. Bryan was asked to explain details of his proposal that the government guarantee the deposits of individuals in national banks, as a means of restoring confidence. It was pointed out to him that the last report of the comptroller of the currency in August showed that the total deposits in national banks exclusive of government deposits, was about \$426,000,000, and he was then asked how it was possible for the government to become a guarantor for that immense sum.

"I think it is simple and easy," he declared, "and I believe that if congress should put it to law the plan I have, the financial depression now with us would vanish in no time. Every man knows that confidence is the basis of our business world, and that when confidence is shaken men withdraw their savings from banks and hoard them in various places. Now, if the persons who do this could feel assured that the government guaranteed their deposits in national banks not a single dollar would be withdrawn."

"What I propose is that a law be passed guaranteeing that the treasury would reimburse depositors in every national bank that fails. The law would provide that the national banks meet the loss by an assessment to be determined by the treasury. In this way the government would never lose a penny. In two days after Congress passed a law banks could be sent to national banks, seeking their agreement to a guarantee that they would pay their assessment in the event of loss to depositors in national banks."

Opposition to this plan Mr. Bryan conceded might be made by state banks who would be left out of the plan. The answer to this he said was that the states should individually take up the same scheme and stand as a guarantor against loss to depositors in state banks.

Mr. Bryan said as yet no plan had been made to have his relief measures presented in congress. However, he felt very enthusiastic over its ultimate success.

NEARLY HALF U. S. ARMY EITHER DESERTED, DIED OR WAS DISMISSED

Washington, Nov. 25.—So serious has become the problem of maintaining the army that Adjutant General Ainsworth suggests in his annual report today that a conscription may be necessary. He urges a restoration of the canton and an increase in pay, so

Portugal's king is practically a prisoner in Lisbon. Clashes between the troops and insurgents are reported. Fugitives say the country is in a ferment and that a republic is inevitable.

According to Mr. Roosevelt's view as gained by those who have talked with him, new legislation should provide for emergency notes which would be what their name indicates. That is they should be used so heavily that they could not be kept out one minute after the time of extraordinary notes for money. The President would not a 7 per cent on emergency notes.

Details of many new projects for improving the currency are being submitted to the President. A central bank is much favored.

"I have no doubt that every national bank in the country would sign such an agreement almost immediately as the assurance to depositors would be so great that the bank could not fail to enter with others."

"From figures I have compiled it is shown that in 40 years there has never been over one-tenth of 1 per cent loss annually to depositors in national banks. It would be comparatively nothing to banks to pay such a small sum each year. Under the plan I have in view the treasury which controls the banks would pay out at once to depositors in a failed bank the money they had deposited and then call upon the banks in the aggregate to pay their proportionate shares."

Approval to this plan Mr. Bryan conceded might be made by state banks who would be left out of the plan. The answer to this he said was that the states should individually take up the same scheme and stand as a guarantor against loss to depositors in state banks.

Mr. Bryan said as yet no plan had been made to have his relief measures presented in congress. However, he felt very enthusiastic over its ultimate success.

APPROVED BY POPULIST LEADER.

Joliet, Nov. 25.—National Chairman Jas. H. Ferriss has this to say regarding Mr. Bryan's proposition for the government to insure depositors in national banks against loss:

"Bryan has hit the keynote. Let the government guarantee the bank deposits. It is as easy as guaranteeing the banknotes and quite inexpensive. A tax on the bank deposits of less than one-half of 1 cent in one year would pay all the losses from national banks since they were organized."

STOP WOMAN
AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

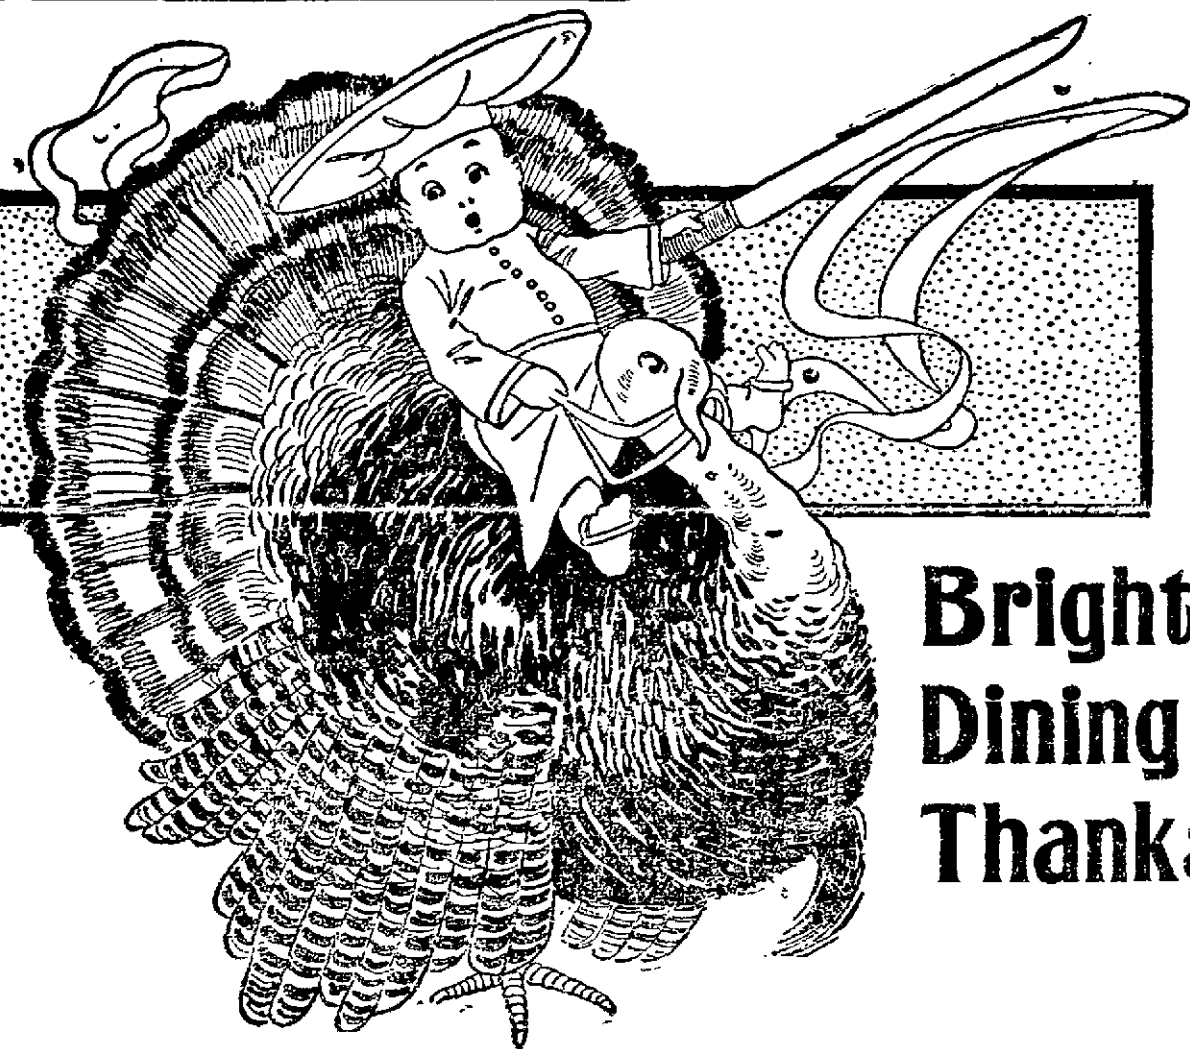

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

TOO STRONG FOR
THE CRIMSON AND
HARVARD LOST

Boston, Mass., Nov. 25---A greater crowd never witnessed a football game than that which saw Harvard go down to defeat before the giant team from Yale, score 12 to 0. Fully 10,000 persons covered the great stone stadium like the shadow of a cloud. Save for the aisles there was not a vacant space in sight.

The Crimson, in a rage of bitterness over recent adversities, fought like madmen. Time after time they swept Yale back with the savage energy of their attacks. Their unexpected display of fire and force was a surprise to the crowd, although the Yale team was prepared for it.

There were great holes in Harvard's playing, however, and glaring mistakes which Yale never failed to take advantage of. Where three or four Harvard men would fall to fall on the ball, one Yale man would get among them and nip it every time.

It must be said, however, that Harvard did not lose the game through these mistakes. Yale won on her merits, while Harvard failed to score on her own demerits.

DELAWARE 12, KENYON 9.

Delaware, O., Nov. 25---By the score of 12 to 9, in the hardest fought and scrappiest game played on Ohio Wesleyan field this year, the Kenyon team won defeat Saturday afternoon at the hands of the Methodists. AMUSEMENTS

SWEET KITTY BELLAIRS.

One of the most delightful attractions which Manager Johnson will have the pleasure of presenting to his patrons this season, will be the production of "Sweet Kitty Bellairs" written and produced by that master of theatrical art, Mr. David Belasco. In this work Mr. Belasco has demonstrated his versatility by producing a comedy of manners so finished in construction and so cleverly treated that it is claimed by some enthusiasts to rank as stage literature with Sheridan's "The School for Scandal" and Goldsmith's "She Stoops to Conquer." The play was accorded a run of 302 nights in New York and since the original run, has played two return engagements in the metropolis. The story is laid in the Georgian period when women wore the handsome picture costumes that have been made famous by Gainsborough, and when gentlemen carried swords which were quick to leap from their scabbards at the slightest provocation, when duels were of common occurrence, and when a gentleman's chief business

HUNGARIAN CLOTHING MERCHANT WAS ARRESTED IN NEWARK FOR ROBBING HIS COUNTRYMEN

Just as he was getting ready to address a Hungarian society meeting in this city Sunday afternoon, Istvan Harvath, a Hungarian clothing dealer of Parsons avenue, Columbus, was arrested by Officer Willis Baughman, of Akron, who was in waiting at the hall. The affair had been prearranged by a number of the leading foreigners of the city, who had been apprised of Harvath's crookedness by societies at Cleveland and Columbus. Harvath organized a state society which was called the Ohio State United Goss of Bethany. Lajos Roman Catholic Men and Women Sick Benefit, Burial and Social Union. It is claimed that he was the president, secretary and treasurer.

His countrymen over the state became convinced that all was not right and the wily foreigner started out on a collecting trip to gather up the books and records and incidentally, all the cash he could lay his hands on. At Kenmore, Thursday, he collected \$186 from Galos Lajos, the local representative of the society, and also took along the books and that gentleman had a warrant issued for Harvath's arrest. He was taken to Akron this afternoon, going via Columbus.

The Akron officer was assisted in the capture by A. S. Greenbaum, a foreign interpreter, and Attorney C. C. Miller of Akron.

Harvath is also wanted in Columbus, Cleveland, Barberton, Massillon and a number of other places where he has established branches of his society. When searched at the patrol station by the Akron officer over \$50 was found on his person and two trunk checks, which he was very anxious to give to a friend, but was not allowed to do so. It is thought that they contain papers and books of the various societies which he is alleged to have defrauded besides a large amount of money.

made in Saturday's Advocate. was received with profound sorrow by his many Newark friends.

MARY A. WILKINS.
The death of Mary A. Wilkins occurred Monday morning, November 25, at the home of her sister, Mrs. John Holton, who resided near Purdy, with whom she has made her home for the past 23 years. Mrs. Wilkins was born November 25, 1834, being 73 years of age at the time of her death. Her death was due to consumption of the brain.

Funeral services will be held at Eden church Wednesday, November 27, at 11 a. m.

W. S. FREEMAN.
Harvey C. Freeman an employe of the Newark Steam Laundry, was called to Newville Sunday to attend the funeral of his father, Winfield Scott Freeman, who died Saturday afternoon after a long illness. He leaves besides his son, Harvey, a widow, who, with her husband, resided in this city some ten years ago. Mr. Freeman being engaged in the shoe business on East Park Place. DEATHS AND FUNERALS

C. M. ROOF.
C. M. Roof, formerly of this city, passed away at his home near Hartford, Conn., Saturday. Mr. Roof left here about five years ago on account of his failing eyesight and bought a little dairy farm near Hartford, which he operated up until the time of his death. While a resident of this city he was engaged with John M. Lawver in the wool business for a number of years. He was a great hunter and was well known to many of our local Nimrods. The news of his death, mention of which was

Australians to Turn Black.
Professor McMillan Brown, ethnologist, holds that the future Australian people will in all probability be black, says the Kansas City Star. The Polynesians, he said in a lecture at Sydney, came originally not from America, as has been supposed, but from Asia. They were whites and changed color just as the future Australian may do as the centuries go on, at least in the tropical regions of the north. The violet rays of the sun will turn him black in course of time.

OLIVE CULTURE IN TEXAS.

Planting of Dry Land Species to Supply Demand For Oil Advocated.

S. C. Mason, United States arboreal culturist in charge of the experiments being conducted in Arizona, New Mexico and Texas, arrived in San Antonio recently. In various experimental stations in the arid land districts the culture of figs, dates and olives is being conducted, says the San Antonio Express.

Mr. Mason declares that southwest Texas is an ideal country for the culture of dry land olives, and the annual yield of olives may become one of the most important crops of the state. Rocky dry land, which is considered unfit for the cultivation of crops, is the kind of land needed for the culture of the olive.

The department of agriculture has improved specimens of the dry land olive from northern Africa, where it is grown extensively. These plants have been grown in different sections of the southwest, and at the Laredo experimental station the department has met with exceptional success.

"The dry land olive, which makes the finest oil, may be raised to better advantage in Texas than in California," said Mr. Mason. "In certain sections of Africa this crop is almost the only support of the people. There are three plants that seem to thrive in a desert, barren soil where no other plants will grow. They are the fig, the olive and the date palm. Arizona, Texas and Mexico can grow enough dates to supply the markets of the world.

"The cultivation of figs has been neglected in Texas, although there is a market for the fruit at your door, and success is assured. The agricultural department has been carrying on experiments with Arabian dates of the finest quality, and we find that they may be grown here with great success.

"From a financial standpoint I believe that the dry land olive, or chemlali olive, is of more importance to San Antonio. The rocky hills surrounding this city could be turned into olive groves which would be immensely profitable. The district surrounding San Antonio is ideal for the culture of this olive, and San Antonio could supply the country with olive oil.

"The dry land olive was introduced to this country from Tunis, in northern Africa. Although that country has an average annual rainfall of only nine inches, olive growing is the principal industry. Thousands of tons of oil are shipped every year and are sold at fancy prices in Europe. The United States is a great consumer of olive oil, and all that is used here is imported. This immense trade can be brought to southwest Texas if the people will plant olive trees on what they now consider their worthless land."

Japanese Emigrating to Java.
A great many Japanese are now emigrating to Java. The movement appears to be conducted in a systematic manner, the number of Japanese settling in each large town being proportioned to the size of the town, says the North China News. Most of them are either opening furnished lodging houses or are engaged as barbers, small shopkeepers and assistants in stores. A few, however, are professors of the Japanese language in the Chinese schools.

CATARRH A FAR-REACHING BLOOD DISORDER.

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free.

Hestor Wanted A Big Turkey

THE president is going to have a twenty-five pound bird for his dinner," mused Sam Hestor on his uncertain way to his home in Floyd street, Cleveland, on the eve of Thanksgiving last year. "What's the matter with Sam Hestor having a big bird?"
About this time he was passing the zoo. In the large inclosure was the pet ostrich, Charley. Hestor got his eye on Charley, and visions of a Thanksgiving feast of which Floyd street would talk for years came into his mind.
A few minutes later a policeman discovered Hestor chasing the ostrich around the pen. At times he got a

CHASING THE OSTRICH AROUND THE PEN. few plumes and sometimes he narrowly escaped a knockout blow as Charley let fly his feet. By the time the policeman reached him Hestor had the whole zoo aroused and screaming. "Biggest turkey I ever saw," said Hestor when he was arrested. "Still, some of those big birds ain't tender. Won one at a raffle once and we had to stew him in a wash boiler to get him fit to eat."
The charge of trying to steal the pet of the Cleveland zoo was not pressed, and he was allowed to go home and fall to on a real bird.

DIED GIVING THANKS.

Father Fell From Chair While Recounting Family's Blessings.
George Douglas Keen, an accountant employed by the Bush Terminal company, sat down to his Thanksgiving dinner at his home, 200 Twenty eighth street, Brooklyn, at 4 o'clock last Thanksgiving day. Before him was a large turkey, and seated about the table were his wife, Anna, and his three children—Douglas, eight years old; Alva, five, and Gordon, three.

Great preparations had been made for the dinner, and Mr. Keen felt satisfied with the outlook across the table. It was a holiday. The wind outside was cold, and the warmth inside was all the more genial.
"Well, I guess we have a little something to be thankful for, Mrs. Keen," said the head of the house.
He helped his wife, his children and then himself. Then he sat down and put a piece of turkey in his mouth.
"Yes," he went on, "I guess, taking everything altogether, we have."
Then he fell out of his chair dead. The doctor said it was heart disease.

Italy's Thanksgiving Day.
A vintage festival is about the nearest thing the people of Italy have to a Thanksgiving day, but the two things are the same in spirit if very different in detail. At these festivals a primitive interchange of labor takes place. Everybody helps everybody. No wage is given. This man's vines facing full south are forward, another man's vines are backward. From all the hill-sides around the peasants flock to each vineyard as needed. Occasionally an Italian will do a lot of work in a day. But he will not hurry. He is making love meanwhile to the girl who works with him.

A Polar Thanksgiving.
Robert E. Peary, U. S. N., contemplating the coming joys of Thanksgiving "fixings" was moved to tell of the way he spent the same day two years ago.
"We were then within less than 500 miles of the pole, and of course the usual arctic weather prevailed," he said. "No, we had no turkey for our dinner that day, but we made out very well with a roast of musk ox and some canned plum pudding, which we took along on the Roosevelt for just such occasions. That comprised the total of our menu."

Five Years Without Thanksgiving.
During the Revolution Thanksgiving day was held by most of the states every year, but after a general Thanksgiving for peace in 1784 five years elapsed before President Washington proclaimed a day of thanksgiving for the adoption of the constitution.

The Real Value

If you have headache or neuralgia you want relief; want it quick. Dr. Miles' Anti-Pain Pills stop the pain in just a few minutes. But their real value lies in the fact that they leave no bad after effects. They do not create nausea or derange the stomach. Nothing can therefore take the place of Anti-Pain Pills for the relief of headache or other pain.

"Dr. Miles' Anti-Pain Pills do all that is claimed for them in curing headache and neuralgia. I was in Farmington and I had a fearful headache; the gentleman of the house said, 'Take one of my wife's Pain Pills,' and I did, and in less than one-half hour I felt as well as ever. I asked the name of these and he said 'Dr. Miles' Anti-Pain Pills.' I purchased a box, and told my family I had found a great prize—something to cure headache. My three daughters also used them. A thousand thanks for such a remedy."

LAD DISAPPEARED

Sunday evening the police officials were notified that a young son of Mrs. Homer Simpson, residing five miles east of the city, had saddled a horse and started in pursuit of two men in a buggy who had picked up the young lad's pet dog near the Simpson home about 4 o'clock that afternoon. As the boy was only 15 years old and had not returned at 11 o'clock at night the mother was greatly worried, fearing that some harm had befallen him. Chief Sheridan had not heard from the Simpson home Monday and it is supposed that the lad returned safe.

A Big Line of Really Artistic Pictures

We are showing the nicest line of framed pictures we have ever had. Nothing could be nicer for a gift than a beautiful picture correctly framed. It is a constant reminder of the giver because it is always in sight. It reflects the taste of the giver and therefor it should be ARTISTIC. The prices at which we have marked the whole line are very reasonable. You will find them about one-half the prices asked for the same thing in regular art stores. The line is made up of the very best things we could find in the eastern markets. Pastels, water colors, etchings, platinum photographs hand colored, etc., etc. Pictures for dens, for parlors, for dining rooms, for childrens' rooms, etc., etc. Pictures as low as 40c and as high as you want to go. Come in early and make your selection. For a small cash payment, we will lay them away for you and deliver later.

THE PRESIDENT AT PLAY.

How He Initiated Beckman Winthrop Into His Group of Favorites.

Assistant Secretary Beckman Winthrop of the treasury department, who is one of the best players in the "tennis cabinet," has been initiated into the group of President Roosevelt's favorites, says a Washington correspondent of the New York Herald. From time to time he has played tennis on the court back of the White House office, but not until the other day was he taken into the inner circle of the president's official family.

Leaving the White House at 4 o'clock in a carriage, Mr. Winthrop and the president were driven briskly up Seventeenth street to the outskirts of the city, and the excursion began.

Plunging off into the woods of Rock Creek park, the president led Mr. Winthrop on such a walk as only the president knows how to take. Up wild

pathways, sliding down wet hillsides, holding on by branches and across country for ten miles, the excursion continued until Mr. Winthrop was gasping for breath and, with raindrops dripping from his neatly trimmed van dyke, was ready to drop.

Then, by way of a fitting finish to the contest, the president led the way to Rock creek and plunged over the bank into the stream waist deep, crossing to the other side. Here Mr. Winthrop heaved, but with a last remaining atom of strength and courage he followed his chief and gained the other side, where the president, laughing, sent him home for dry clothes and a rest.

One of the national sports of the mountain region of Switzerland, is the stone-throwing contest, in which rocks of great size are thrown in a prize.

LICKING COUNTY AFTER A BANNER FOR GOOD WORK

SUNDAY SCHOOL CONVENTIONS HAVE BEEN HELD IN TEN TOWNSHIPS.

And Most Encouraging Reports Have Been Received—News from Granville.

Granville, Nov. 25.—The county secretary has held Sunday school conventions in ten townships of the county and is glad to report the work in splendid condition. Several townships that have heretofore been unable to secure banners expect to do so this year. Every year is manifested the desire that Licking county may bring home banner from the state convention at Toledo next June. It is especially gratifying to note the interest taken in Teacher Training. Many classes are pursuing the Normal course and others are preparing to do so. December 8th offers a grand treat to the Sunday school workers of Newark, at which time Prof. M. A. Honline, a man who gives his entire time to Sunday school work, and who is one of the ablest Sunday school men in Ohio, will give two addresses in the First Presbyterian church, one at 2:30 p. m. and the other at 7:00 p. m. The committee has arranged for special music and the program promises to be interesting throughout. No Sunday school worker can afford to miss the rare opportunity of hearing Mr. Honline.

Saturday evening the Beta Theta Pi fraternity of Denison held its annual fall reception at its chapter house, corner of Mulberry and Elm streets. The house was most artistically decorated in smilax, and the dining room appeared exceedingly beautiful, having a massive center piece of red roses, the Beta flower. In the receiving line stood the members of the active chapter of Beta Theta Pi and Miss Eleanor Chaffee, J. S. Peckham and Miss Irene Conley. In the dining room a dainty luncheon was served. Miss Bertha Fulton, Elva Edwards, Helen McCarty and Miss Binger poured chocolate while Miss Beulan Reitor, Mary Dickinson, Margaret McKibbin and Dee Schumann presented each young lady with a red rose as a favor. Excellent music was furnished during the entire evening by the Columbus orchestra. About one hundred young ladies were present. Among the out of town guests were Miss Florence Beckel of Columbus, Addie Jones, Miss Helen Jones and Louise Jones of Newark. Many of the alumni were present.

Hunting is the pastime of all local sports. Rabbits are reported as being quite plentiful, while birds are scarce. Thus far no fatalities have occurred from careless shooting.

Granville merchants are busily preparing for the annual holiday rush. Congress will convene on Monday, December 2. Hon. W. A. Ashbrook leaves Thursday for the national capital, preparatory to being in Washington to answer the first roll call on the opening day.

The regular meeting of the Denison Scientific Association was held Thursday afternoon at 8:30 o'clock.

Mr. and Mrs. G. M. Hastings, well known farming people of Morrow county, who have been visiting here for a few days, have returned home. Miss Marguerite Ickes of Columbus, spent Saturday and Sunday with Miss Mary Dickinson.

Mr. William Arnold of Mt. Vernon, spent Saturday and Sunday with his brother, Oscar Arnold.

Mr. and Mrs. Charles Edwards of Hamilton, O., who have been visiting here for several days, have returned home.

Miss Bertha Williams of Dayton, is visiting friends here for a few days.

AN INVITATION TO ALICE
"Alice come sit by the fireside 'till I whisper a story to you." She was fair, she was gentle, and dark-eyed, and this youth she'd be loving and true. And then these two talked of the home nest; they were planning to build in the spring. There was one thing he told her was honest, that for homes Spartan Spaul was the thing. There is nothing better for re-touching furniture, floors and wood-work in the home than Spartan Spaul. Made by the Marlett Paint and Color Co., Marietta, O. Sold by The Newark Paint Co., 31 West Church street.

NEW AND BETTER RACE.

Coming Man Will Originate in Chicago, Says Dr. Alfred E. Cole.

A new race of men, with Chicago as its place of origin, is to be the next stage in the development of humanity, according to a statement recently made before an audience of clubwomen by Dr. Alfred E. Cole, medical director of the G. A. R. in Illinois, says a Chicago dispatch.

"The human race," said Dr. Cole, "is now functioning in the fifth subrace of the fifth root race. There are seven of the root races. Sex came in with the second. And it is pretty well established—as well as anything can be established—that Chicago will be the nucleus of the sixth subrace. The marrying and intermarrying of all the races of the world going on here is going to form a subrace that will be better than ours in every way."

Polling Places in Church.
For the first time in Pennsylvania a large church was used for a polling place in the recent election at the invitation of the pastor, says a Beaver Falls correspondent of the Washington Post. In the Third ward the voters have been compelled to cast their ballots in a wood shed in a back alley.

The Rev. C. F. Swift of the Methodist Protestant church of Beaver Falls recently said in a sermon that the church members should take an active part in the election, and he hoped to see the day when churches could be turned into polling places.

When the election board organized the Rev. Mr. Swift visited the Sunday school room, where the election was held, offered a blessing on the day's proceedings and requested the board not to permit swearing, smoking, tobacco chewing or drinking in the sacred precincts. This was promised by the election board.

Jingles of November.
Of November cum aroun—
Heah his mournful whistle;
Dring de dry nuts tumbin' down,
Scatch weeds on thistle.
En de day am dreahy gray
When de raindrops patch,
But de bac'lawg seem to say,
"Of possum's gettin' fatteh."

So spread de san' en stant de ban,
De fiddle en de bones;
De gal am sweepin' fro de lan—
Dess heah bow she means,
But de's want en cheek tonight
Beside de bac'lawg's glow.

We'll chen put Jac' Fro to flight—

They're as good as your own if you buy them from us. For we have given artificial teeth long years of study. Our laboratory is the most completely equipped in the state. Our teeth never drop down or give other trouble. They're good for life. We have superior facilities for extracting a number of teeth at a sitting and preparing the gums for new teeth. Vitalized air made fresh daily. No injurious effects.

Columbus, about which the members of the State Auditors' Association are keeping very quiet. It is understood, however that a campaign for the coming session of the state legislature is to be formulated, as the county auditors have several little matters which they desire to bring before that body.

Those present were: Esther Squigins, Evelyn McLaughlin, Gladys Wise, Delbert Varner, Della Varner, Wilbur Varman, Lester Varman, Hilda Benner, Edna Benner, Florence Killworth, Pearl Killworth, Helen Killworth, Helen Schoenline, Florence Perry, Charlie Varner, Mary Tryon, Margaret Tryon, Pauline Tryon, Helen Varman, Bertha Varman.

BIRTHDAY ENTERTAINMENT
On Saturday, Nov. 23rd, Miss Frances Varman entertained twenty of her little friends in honor of her seventh birthday. The children enjoyed their play hours from 2 until 5 as only little folks do, also the ice cream and cakes which their kind hostess supplied. Many tokens of love were left behind, that Frances might remember those who were present, also their
